

## FUEL & UREA TANK CAPS

BULLETIN N.4

Dear Network,

Iveco Accessories has reviewed its **fuel & urea caps offer**. All our caps are **homologated** and **EU conform**.

Buy the **safer** choice, choose the **original** caps, now at **new prices!**

1

### EU CONFORM

- Homologated & EU conform
- 100% corresponding to those used in OEM applications
- Relevant environmental benefit: Fuel evaporation reduction thanks to the Safety venting valve.

2

### SAFE

- Designed to break down on crashes to prevent tank explosion
- Key can be extracted only in close position to prevent oversight

3

### UREA RANGE

- All materials are compatible and resistant to AdBlue solution
- Locking barrel is protected against urea vapours corrosion and this grant a long life to the cap.

Be careful to the less expensive caps: with often no EU conformity and no homologation. Damages can occurred in contact with AdBlue vapours.

## FUEL RANGE:

PN	DESCRIPTION	APPLICABILITY	A6 PRICE LIST	RACO
2993929	Screw fuel cap M60x2	DAILY 30 F8 Minibus, Combi, Grinta 30,8 & 35,8 (1°SERIE) Cab / Crew Cab (inside Ø 60) until MY1983	25 €	T
